

REC RUST REMOVER

RUST REMOVER

DESCRIPTION

REC RUST REMOVER is a phosphoric acid based rust remover that is formulated for use on various steel, iron, cast iron, copper and similar active metals.

REC RUST REMOVER is specially formulated to remove existing rust and provide subsequent rust protection. This powerful rust remover effectively dissolves rust, corrosion, metal oxides, and tarnishing from most metal surfaces. **REC RUST REMOVER** can be applied to rusting surfaces by means of brush or spray. Areas where severe blustering is visible must be scraped with a paint scraper or similar tool, prior to application.

PRIMARY APPLICATIONS

- Rusted galvanized roofs or surfaces
- Ornamental ironwork
- Fencing
- Structural steel
- Automotive panels
- Hand tools
- Rusted nuts and bolts

FEATURES/BENEFITS

- Easy to use
- Fast Removal of rust

TECHNICAL INFORMATION

Appearance	Colorless liquid
Specific Gravity @ 20°C	1.2
Solubility in Water	Completely soluble
pH	1-3
Flammability	Non-Flammable

DIRECTIONS FOR USE

REC RUST REMOVER should be applied directly to the rust undiluted by saturated cloth, brush or spray. It is recommended that loose or flaking paint and scaly rust should be removed first with a wire brush or scraper.

Inspect the treated areas after 15 to 30 minutes to ensure that light deposits of rust have been dissolved and removed and that heavier corrosion has been converted and turned black. If any areas require further treatment reapply as necessary.

In hot conditions, clean water may be applied prior to the treatment to cool the surface and assist in penetration of the Rust Remover.

When the area has been treated, ensure that the treated area is well rinsed with clean water to remove all traces of the Rust Remover prior to any further painting. Do not allow to dry off prior to rinsing.

PACKAGING

REC RUST REMOVER is available in various quantity and can be supplied on request.

STORAGE

Store in a cool, dry place, in tightly closed original containers at a room temperature between 5°C to 40°C. Do not place in direct sunlight or near any heat source. Do not pour back any used material to its original container.

SAFETY

Wear protective gears while working with REC RUST REMOVER, as it contains phosphoric acid. In case of contact with skin or eyes, flush with water for 15 minutes. If irritation persists, seek medical attention. If swallowed, drink large amounts of water. Get medical assistance.

QUALITY STATEMENT

All our products are manufactured to comply with our internal QA/QC program and quality management system to ensure consistency and quality.
